DESCRIPTION

Citrus Solv uses the power of natural citrus and soybean extracts to cut through tar, grease and asphalt deposits. It quickly penetrates, dissolves, and cleans without the hazards associated with petroleum or chlorinated solvents. Special rinse additives allow easy removal of deposits by flushing with water.

USAGE

Simply brush or spray on area to be cleaned. Allow to remain on for ten or fifteen minutes and rinse thoroughly with water; for best results use a pressure washer.

Safe and effective cleaning products can be made completely cruelty-free. We perform no animal testing and none of our ingredients contain animal products or by-products.

READILY BIODEGRADABLE

CITRUS S O L V

CODE: ENV-207

APPLICATIONS

Removing tar, asphalt, grease and grime from all equipment, removes sludge from oil tanks, roofing tools and equipment

PROGRESSIVE CHEMISTRY

- Our newly reformulated Citrus Solv is now soy based! Not only are there many health benefits to this switch, soybeans are a natural, annually renewable resource.
- Potent, penetrating, dispersing and non-foaming emulsifying agents are combined with natural plant extracts. This product does not contain any petroleum distillates or chlorinated solvents.

SPECIFICATIONS

Physical Form	Liquid
Colour	Orange
Odour	Citrus
pH (1 g/L solution)	5.0+/-0.3
Flammability	Combustible

ACCESSORIES

ITEM:	CODE:
Pressure washer	KAR-15209160
Pump up sprayer	HDS-403156
Spray bottle	RAW-B95E
Sprayer	RAW-TS100

STORAGE

 Store in a dry, cool, well-ventilated area

 Do not allow to freeze

 Store away from direct sunlight and heat

 Store in original container with closed lid, away from incompatible materials such as strong acids or oxidizers.

SHELF LIFE: 1 year minimum after opening

PACKAGING

Concentrated products save on packaging, energy, and emissions associated with transport. Instead of shipping mostly water, we are sending you a super concentrated product that you simply dilute with tap water. This allows us to pass the savings on to you!

AVAILABLE IN: 1L, 4L, 20L, 205L

PRECAUTIONS

Wear protective gloves and eye protection when dealing with concentrated product. For more information or Safety Data Sheets (SDS) please contact us or see our website.
